WHEN LASER BEEPS, JOB IS DONE

ASSEMBLE YOUR KEYCHAIN

ENHANCE YOUR LASER EXPERIENCE

- Try different materials
- Dig deeper into different settings for the printer
 - Try color mapping
 - Try partial vector cuts
 - Try the center-center option
- Try a multi part project that needs assembly
- Try drawing your own Design file: inkscape, illustrator, or corel
- Try different finishing techniques
 - Acrylic paint into acrylic engraving
- Try using the rotary tool
- Create a tool to help you do something else
